## SUMMARY

Former pastry chef with a background in architecture, bringing an eye for detail, a strong work ethic, and a healthy dose of perfectionism to the tech world.

## SKILLS

### Languages

- JavaScript ES5 & ES6
- TypeScript
- React/React Router
- HTML/CSS/Sass
- API Integration
- French [fluent]

### Testing

- Mocha/Chai/Cypress

### Workflow

- Git/Github
- Github Projects/Trello
- Zoom/Slack
- Miro/Excalidraw
- Photoshop/ProCreate

## PROJECTS

CHOOSE YOUR OWN ADVENTURE | solo project

**Tech Stack:** React/Router, ES6, GET, Cypress

- Are you ready to move to a different city but want a little help from the Magic 8 Ball in deciding? Liked cities are saved to favorites, if it's a "Nope", you won't see it again. (Think: Tinder for cities!)
- Repo  Deployed site 

FRESHLY FETCHED | group project

**Tech Stack:** TypeScript, React/Router, GET, Cypress

- A farmer's market locator where users can search by zip code and distance. Results can be filtered by day and more details are available for each market.
- Repo  Deployed site 

RANCID TOMATILLOS | paired project

**Tech Stack:** React/Router, ES6, GET, Cypress

- Movie selection app where users can view movie details, trailers and ratings
- Repo  Deployed site 

## EXPERIENCE

Production Manager, Sweet Action Ice Cream  
Denver, CO, Jul 2020-Feb 2021

- Used GSuite to implement standard operating procedures that streamlined inventory tracking, product ordering, and wholesale order fulfillment
- Researched standards and drafted 60+ page food safety/HAACP plan to begin process of becoming an FDA certified factory

Pastry Chef and Production Manager, Little Man Ice Cream  
Denver, CO, Apr 2018-Nov 2019

- Created a recipe database, giving employees at 6 locations access to up-to-date allergen information, and allowing recipe costs to be accurately calculated across hundreds of recipes
- Analyzed sales and product mix to create annual flavor plan that optimized production, minimized inventory of hand and improved customer experience
- Cultivated sense of teamwork and spearheaded culture shift through new expectations and SOPs, as well as quarterly one-on-ones, goal-setting, monthly staff meetings, weekly newsletters, and "family meals"

## EDUCATION

Turing School of Software & Design  
October 2021

7 month, 1500+ hour, accredited coding bootcamp  
Led retros as a Student Leadership Committee member  
Certification: Front End Engineering

Mount Holyoke College — South Hadley, MA  
Bachelor of Arts  
Major: Sustainable Architecture
