## Summary

Service oriented Software Engineer specializing in the modern Web development ecosystem dedicated to creating great user & developer experiences by crafting quality and maintainable software.

## SKILLS

**Advanced:** JavaScript, NodeJS, TypeScript, HTML5, CSS3, GraphQL, NPM/Yarn, Git, CLI, Webpack, React, Spanish

**Intermediate:** SQL, NoSQL, AWS, Serverless, Vue, Redux, German

**Beginner:** Rust, interested in learning Golang.

## PROFESSIONAL EXPERIENCE

**ReRent** | Front-End Engineer | *January 2021 – Current*

- Choose and implement a front-end technology stack to ensure a proper balance between a long-term foundation and quick short-term development.
- Establish workflows to ease on-boarding of oncoming developers, ongoing code quality, and continuous deployment/integration.
- Deploy and manage a Next.js front-end and GraphQL server using AWS.
- Collaborate with project manager and back-end team to help manage project progress using Agile development methodologies.

**Turing School of Software & Design** | Front-End Engineer | *March 2020 - September 2020*

- Collaborate with fellow developers to create web applications in Agile two-week sprints.
- Use best practice principles like test driven development, DRY and SRP, to create robust applications.
- Extensive use of Git & GitHub to track software progress, delegate team tasks, and provide/receive code reviews through pull requests.

## VOLUNTEER WORK

**Turing School of Software & Design Mentor Network** | *December 2020 – Current*

- Pair with current Turing students to provide technical help, assessment mocks, and offer insights into the software development industry.

## OTHER EXPERIENCE

**LadyBird Rides L.L.C.** | Owner & Operator | *May 2016 - January 2020*

- Provide high quality customer service while safely navigating city traffic & festival crowds to desired destinations in events across the United States.

**Kween Cab L.L.C.** | Bike Taxi Driver | *November 2014 - April 2016*

- Launchpad for my own business and nationwide operation.

**Tecolote Farm** | Farm hand | *March 2014 - August 2014*

- Translation point between Spanish & English-speaking teams to help maintain, harvest, sell produce from a 20-acre organic farm.
