Projects

Rails Engine | ROR, PostgreSQL | [Repo](#)

Focus: Creating, Exposing & Consuming an API

- Architected a RESTful API
- Curated JSON responses via FastJson API
- Tested API exposure via RSpec and SimpleCov
- Accelerated SQL database lookup via advanced ActiveRecord queries.

Couplistic | ROR, PostgreSQL | [Repos](#)

Focus: Dual-App API Exposure/Consumption & OAuth

- Implemented Spotify OAuth for dynamic data generation
- Exposed & Consumed endpoints within a two-app architecture
- Illustrated clean graphics via bootstrap & custom HTML & CSS

Viewing Party | ROR, PostgreSQL | [Repo](#)

Focus: Authenticating Users via Session Cookies

- Safeguarded user passwords via Bcrypt
- Captured dynamic data via the MoviesDB API endpoints
- Enforced user authentication via session cookies
- Monitored continuous integration via Travis CI.

WORK EXPERIENCE

Operations Manager

Innovative Sport Surfacing

Dec. 2018 – Aug. 2019

Mentor, OH

- Forged a \$2.5 million multi-court installation project
- Consulted installation claims for \$40,000 in revenue mitigation
