- Tech Stack: Rails, RSpec, PostgreSQL, and Heroku

ENIGMA — REPOSITORY

A fun encryption/decryption algorithm that conveys programming fundamentals.

- Abstraction and Encapsulation
- Constants
- Tech Stack: Ruby and RSpec

EXPERIENCE

TURING SCHOOL OF SOFTWARE AND DESIGN - BACKEND

Backend software development program where I spent over 2000 hours learning the fundamentals of OOP. Worked on tight deadlines for projects solo, paired, and groups of 3-5.

JAVA PROGRAMMING

Learned how to write methods and classes, create objects, write and use loops and single/multidimensional arrays, and string functions using Java.

WEB DESIGN

Implemented HTML /CSS, the basics of JavaScript, and basic website design principles. Created an interactive website with multiple pages, links, and images.

VOLUNTEER

DUMB FRIENDS LEAGUE

Gained many personal experiences volunteering over 100 hours as an Animal Care Assistant cleaning cat kennels.
