SUMMARY

Higher Education Professional turned **Front End Software Developer**. Demonstrated passion for learning and designing learning environments, solving problems, creativity, and collaborating.

SKILLS

- JavaScript
- React
- CSS
- HTML
- TypeScript
- RESTful APIs
- Cypress
- Mocha
- Chai
- Git/Version Control
- GitHub
- Agile Workflow

PROJECTS

Career Explore - Government Jobs Sept. 2021

<https://github.com/nataliemcintyre2021/Career-Explore> • <https://careerexplore-deploy.herokuapp.com/>

- Designed and built a multi-page career exploration application in solo capacity utilizing USAJobs API. Users can search for government position titles and learn more about what someone that position does, and store favorites.
- Built with **React**, **React Router**, uses **React Hooks**. End to end testing with **Cypress**. Deployed on **Heroku**.

Hi-Lo Weather Sept. 2021

<https://github.com/darlaevans2000/hi-lo> • <https://hi-lo-weather.herokuapp.com/hi-lo>

- Created multi-page weather application with team of 3, utilizing OpenWeather API. Users can search by city with Google Maps Places Autocomplete, and select detailed view. Selections persist with **local storage** and can be deleted by city.
- Built with **React**, **React Router**, and uses **React Hooks**. Self-taught **TypeScript** to implement in project. End to end testing with **Cypress**. Deployed on **Heroku**.

Rancid Tomatillos Aug. 2021

<https://github.com/nataliemcintyre2021/rancid-tomatillos> • <https://r-tomatillos.surge.sh/>

- Multi-page, movie-rating application built with team of 2, utilizing **React** and **React Router**.
- Rendered movie data from external API and allows user to search movies by title, and sort view details
- End to end testing with **Cypress**. Deployed on **Surge**.

PROFESSIONAL EXPERIENCE

Arizona State University, Career & Industry Specialist, Phoenix, AZ July 2019 - Jan. 2021

Baylor University, Career & Professional Development Grad Assistant, Waco, TX Aug. 2017 - May. 2019

Arizona Christian University, Assistant Registrar, Phoenix, AZ Jan. 2015 - Dec. 2016

- At various universities, regularly collaborated with upper-level administration, faculty and staff to design professional development programming for students and alumni that aligned with college mission, vision, and goals.
- Implemented an initial partnership with Career Services resulting in increased engagement of 43% in one academic year; including niche career expos, curriculum design and delivery.
- Met daily with undergraduate and graduate students and alumni to provide career coaching.
- Managed Student Information Systems and evaluated transcripts for incoming transfer students.

EDUCATION

Front-End Engineering Certificate, Nov. 2021, Turing School of Software and Design, Remote

Master's of Science in Education, May 2019, Baylor University, Waco, TX

Bachelor's of Science in Music, July 2014, Arizona Christian University, Phoenix, AZ
