PROFESSIONAL SUMMARY

Front-end developer with 10+ years of experience as a skilled business operator and startup leader. Known for using adaptability, analytical thinking, and creative problem solving to support companies scaling rapidly, or later in maturation. Looking to join a software team that designs and builds responsive web apps accessible to all, using JS, React, CSS, and other emerging tools and frameworks.

TECHNICAL SKILLS

OBJECT-ORIENTED PROGRAMMING (OOP)

JavaScript (ES5, ES6, ES7)
TypeScript
React
HTML
CSS
SASS/SCSS

TOOLS

React Hooks
React Context API
Express.js
Styled Components
Webpack
NPM
Accessibility
UI/UX
Git Workflow
GitHub/GitHub Projects
Agile Practices
REST APIs
Postman
Heroku
Travis CI/Circle CI
Miro
Wireframing

TEST DRIVEN DEVELOPMENT (TDD)

Mocha
Chai
Cypress

PROJECTS

GONE PHISHIN' [REPOSITORY](#) | [DEPLOY LINK](#)

A music-streaming application for fans of the rock band *Phish*. Users can search for and listen to every live concert that has been recorded. The concerts are made available through network requests to a well-maintained server *Phish.in*.

Learning Milestones: Implemented global state management for UI theme settings, React Hooks for component state management, and React-Audio-Player for playing mp3 tracks.

Tech Stack: React, Context API, React Hooks, React-Router, React-Audio-Player

MESSAGE IN A BOTTLE [REPOSITORY](#) | [DEPLOY LINK](#)

Using agile workflow with a backend team, this application allows a user to create and search for stories based on their geographic location.

Learning Milestones: Used Circle CI for continuous integration and deployment and Geolocation API for locating the user and rendering relevant data.

Tech Stack: React, Typescript, React Hooks, Cypress, Circle CI

FANBASE [REPOSITORY](#) | [DEPLOY LINK](#)

Application designed to allow a user to search for any band and view all of their upcoming concerts along with relevant links to other resources. The user can save concerts that they would like to attend and view them on a separate page.

Learning Milestones: Created a search component, utilized error handling for bad search responses, and local storage for persistence of user saved data.

Tech Stack: React, React Hooks, React Router

RELEVANT WORK EXPERIENCE

COFFEEBAR GENERAL MANAGER | NOVEMBER 2017 - OCTOBER 2018 | MENLO PARK, CA

Recruited to configure and lead the opening of the company's new Silicon Valley flagship location. Top priorities included conceptualizing the food and wine program and building an opening team.

- Led opening of flagship location with a two-month deadline, delivering \$1.9 million in revenue in the first year and averaging 500 guests per day.
- By the third day of business, this store had outpaced other locations to become the highest volume and highest gross revenue location in the company.
- In its first 12 months, the location produced \$1.9 million in revenue, which was projected to grow to \$2.5 million in the following year.
- Identified select individuals suited for management through frequent one-on-one check-ins and tracking lag measures, such as high sales, punctuality, and positive customer feedback. With these select individuals, a leaner management structure was implemented, while simultaneously enabling them to take ownership of key processes.

ALL PURPOSE OWNER/OPERATOR | DECEMBER 2012 - OCTOBER 2017 | MILWAUKEE, WI

Created vision, secured \$200,000 in funding, located a space, and built a team of direct reports to execute the mission. Primary responsibilities were overseeing daily and long-term operations at the restaurant.

- Recognized as one of the top 30 restaurants in Milwaukee by the Milwaukee Journal Sentinel throughout the tenure of the concept.
- 2014 OpenTable top 100 restaurants in America.
- Maintained revenue of \$1 million per year, paid off initial loan within 2 years, and after four years of operations, I sold the restaurant.

EDUCATION

TURING SCHOOL OF SOFTWARE AND DESIGN

MARCH 2021 - DECEMBER 2021 | FRONTEND | 1500 HOURS | ACCET CERTIFIED

UNIVERSITY OF COLORADO

LEEDS SCHOOL OF BUSINESS | BS FINANCE | 3 CREDITS TO COMPLETION
