SUMMARY

I am a developer who thinks 40,000 lines on a spreadsheet sounds like a good time. I have a passion for solving problems, REST API development, data engineering and writing simple, readable code. I'm looking to work with an organization that emphasizes great development practices, collaborative teams, and uplifts and includes the communities they serve.

SKILLS

FRAMEWORKS/
LANGUAGES Ruby/ Rails, SQL/ PostgreSQL, JavaScript, HTML/CSS, Sinatra, Bootstrap, Health Rules Language, JQuery, Golang

SYSTEM/ PRACTICES Git/GitHub/GitHub Projects, Heroku, Travis-CI, API Development, Test Driven Development, Project Management, Object Oriented Programing, Agile Development, Six Sigma Development, DevOps
