### University of Colorado Boulder

*Bachelor's in Media Studies*

Front End Developer // UI Developer // Creative Developer

# KRISTI MILLER

## PROJECTS

### Matrimania | [Repo](#) | [Deploy](#) | [Video](#)

*A Wedding Photography Planner Application*

**Description** :: Allows a user to organize their upcoming weddings, request group photo lists from the clients, and alert guests on the day of the wedding using sms notifications.

**Achievements** :: Full build from design to completion of a scalable multi-tenant application used to solve a specific business need. Specific focus on reusable Styled Components and a sophisticated User Experience. Featured in Turing School's Demo-Competition.

### Rume | [Repo](#) | [Deploy](#) | [Video](#)

*An Emotional Experience Application*

**Description** :: A visually-driven "safe space" for users to ruminate in emotions. Built in React utilizing GSAP animations and Styled Components.

**Achievements** :: Implemented GreenSock Animations and Styled Components for the first time in a time constraint of 7 days. Featured in Turing School's Demo-Competition.

### Lyrical Lies | [Repo](#) | [Deploy](#) | [Video](#)

*A Misheard Lyrics Application*

**Description** :: Allows a user to search for full lyrics and anonymously post misheard lyrics associated with a song.

**Achievements** :: Full build of a React application within a given time constraint of 5 days while creating a high quality, accessible User Experience. Extensive error handling and full testing in place. Achieved a Lighthouse rating of 100.

## EXPERIENCE

### Turing School of Software and Design :: 2020 - 2021

Recent graduate of the only ACCET accredited, intensive Front-End Software Development coding program. This 7 month, 1500 hour program included the completion of several projects in team and solo environments and extensive training in several languages and frameworks while creating quality code and focusing on industry standard practices.

### KAMera Photojournalism :: 2016 - Present

Photographer and sole owner

**Responsibilities** :: Defining solutions to client issues, keeping up with photography trends and technologies, organizing photoshoots from concept to end-product, creating meaningful outcomes for organizations through high quality product photography.

### Food Service Warehouse :: 2013 - 2016

Lead photographer

**Responsibilities** :: Team lead on a highly collaborative e-commerce product photo team. Implemented a peer-feedback structure for personal and team growth. Utilized user feedback to create a revolutionary framework that changed photography trends throughout the food service e-commerce industry and directly contributed to a site-wide rise in sales.

### SteriTec Products :: 2010 - 2013

Marketing assistant and photographer

**Responsibilities** :: Began as a receptionist, and created a new marketing position over time. Increased branding and customer engagement through ad design, instructional video production, customer service, product photography, and website maintenance.
